Kids United Wigan

January/February 2014

HAPPY NEW YEAR!!

Next term's activities:

Woodfield: We will be trying different things to raise money for Christies. It's a charity close to many people's hearts, and a fun way for the children to learn what it's all about. This will be running all term , alongside many other fun activities.

Sacred Heart: Our theme this term is road safety, with visitors from the lollipop man and the police.

Reminders:- Sorry to keep putting this on, but we're STILL having problems with this. Please remember to tell us about any other afterschool activities your child will be attending, it's really important we know as school doesn't inform us.. Also please remember to let us know of any changes to your personal details, ie. change of address, phone numbers etc.

STAFF NEWS:- Woodfield: Sharon Murray has joined us to work full-time. Sharon is a Level 3 qualified Playworker, with over 10 years experience. She'll be a real asset to Kids United.

KIDS UNITED STAY & PLAY: - If you don't already know, we now run a 'Stay and Play' session at Woodfield School every Thursday term-time 9.45am-1.15am. It's for mums, dads, grandparents etc. to bring along their babies and pre-school children to have a play and make friends. £3 per family including drinks & snacks.

FEBRUARY HALF TERM:- w/c 17th February 2014 for one week. As usual, we would like to open the Holiday Club, but it does depend on how many children register. Could you please indicate to us whether you need a place (or not) as soon as possible.

DISPLAYS & NOTICEBOARDS:- Don't forget to check these out, you can see weekly planners, what the kids have been doing, photographs, information, the menus etc. Sacred Hearts are on the hall wall, as well as outside the general office. Woodfields is in the Year 2 classroom by the entrance door. There's also suggestion boxes there for you to use to give us your valuable input and feedback.

NURSERY & RECEPTION PARENTS:- Your children's Keyworkers have liaised with school teaching staff and are working together to ensure your children reach the Early Learning Goals. We would like you to be part of this also by sharing the objectives that you can also do at home. It would be really helpful if you could just spare 10 minutes to discuss with your Keyworker – thankyou.
